2007 National Construction Estimator Dave Ogershok 2006-11 Over 30,000 Construction Costs on Every Area of Construction! The National Construction Estimator is our most popular book for pricing construction, and has been for

years. It has proven to be the industry standard for construction costs. Here's why: Material Costs: You'll find the current cost of every commonly-used construction material and thousands of specialties...based on typical selling prices of building material dealers. Labor Costs: Typical costs to the contractor (including taxes and insurance) to install each of the thousands of materials listed...along with typical manhours per unit. Wage modifications are listed for nearly every city plus most Canadian provinces. Wage breakdowns by trade are listed for 24 construction trades. Subcontract Costs: Bid prices most frequently quoted by specialty contractors...including the sub's overhead and profit. FREE CD-ROM: Includes an electronic version of the book with a stand-alone estimating program & tutorial and price updates

Bobcat Fifty Years Marking the 50th anniversary of an icon of American industry, this book celebrates a half-century of Bobcat with brilliant images of these quintessentially American machines at work, including historical photographs and diagrams, alongside the full story of the only compact machines that have ever mattered. Often imitated but never equaled, the Bobcat skid-steer loader was born when some hardy souls in the Northern Plains needed a new way to get work done. The pictures in these pages show how the Bobcat loader has been moving American industry ever since, joined over the years by Bobcat excavators and trenchers, utility trucks and more. Bobcat Fifty Years chronicles the changes and innovations that have kept the company at the forefront of the nation's compact machinery makers--from the invention of the Bob-Tach quick-change attachment system to the introduction of the Big Bob, the Mini-Bob, and the M-700, the first hydrostatic loader of its size. Here, again and again, is evidence of why Fortune Magazine named the Bobcat one of "America's best"--one of the 100 American-made products that represent the best of their kind, anywhere in the world.
